Seize the opportunity!
www.agba-restaurants.com

Do not throw on public roads

The perfect interactive kiosk for your cafe or restaurant is called:

Agba Restaurants

Agba-Restaurants is:

- + A modern touch screen presentation software
- + A mini computer with Windows 10 on board and 4GB of RAM

Main features:

- ① Present your menus in images and videos on a modern medium
- ② Record your customers' bookings
- ③ Create satisfaction questionnaires and discreetly collect negative reviews from your customers
- ④ Record the comments of your customers
- ⑤ Protect your customers' personal data by encryption
- ⑥ GDPR compliant

Your customers will be delighted to see your menu in pictures and videos on a touch screen and interact with. Our solution does it wonderfully at a reasonable price. The screen must be purchased separately
